Remember, there are many other ways to discipline me other than spanking, which work better and do not involve aggression.

I may listen to your words but more importantly I learn from observing your actions.

The best way to get respectful treatment from me is to treat me respectfully.

If your rules vary from day to day in an unpredictable fashion I will not be able to learn discipline.

Dear Child....

There is no one like
you. You are special.

I love you! Nothing you do,
say or think will ever
change that.

It's all right to cry.
Big people cry too.
Even I do.

Though you have made a
mistake, I forgive you.
We all make mistakes.
You can start afresh.

I believe you and I
want to help you.
Just come to me.

'Please' and 'Thank You'
these are golden words.
If I forget to use them,
will you remind me?

Talk to me, about your hope, your wishes and your dreams.

Mummy & Papa***

About us

“Creating Academic Success Stories from the last 20 years”

Established by the Dharam Foundation, under the vision of Dr. Dharamveer Dhillon, the Venkateshwar Signature School is the maiden venture of the Venkateshwar group of schools and academies in Raipur, Chhattisgarh, functioning on the successful ethos, philosophy and established systems of its previous ventures.

Our Vision

The VSS is an intelligent blend of the conventional and the contemporary where excellence is driven by values, success is strengthened by ethics and modernity is fortified by traditions. The VSS visualizes providing teaching-learning experiences, identifying and acknowledging the signature strengths of all learners. It embraces principles that not only assists its students to achieve excellence in all aspects of schooling but also prepares them to be effectively engaged citizens in an increasingly demanding, diverse and ever changing world.

Our Mission

The VSS, through its safe, stimulating and intellectually challenging environment, envisages harnessing the signature strengths of its learners, propelling them to develop themselves as unique personalities with strong universal values, fulfilling their physical, socio emotional, linguistic, conflict resolution and human connection needs.

At VSS

The children are reinvigorated to Create their Own Signature...

Student's Life (Boarding)

VSS offers a holistic environment where students are encouraged to focus on academic, co-curricular activities as well as practical life skills to ensure complete physical, emotional, and social growth and development. It is said that learning begins at home when the child is introduced to the basic fundamentals of life and values. The school takes this learning a notch higher and expands the child's horizon with respect to knowledge. However, a boarding school offers a unique environment that seamlessly blends both home and school to accelerate learning and raise self-assured, confident, resilient, and yet compassionate young adults.

VSS offers an untamed exposure to independence and a brush with reality and practicality, as well as friendships and bonds that continue well beyond the school years.

We have a mentorship programme in place that allows the mentor to interact with their mentees assisting in mental, physical and emotional development including keeping an eye on their academics. After classes, boarder students are exposed to a multitude of activities that ensures a rounded education be it in academic or sports, arts, music etc. Children can pursue their passion without hindering their academics as it is school-mandated. These students make friends for life. They look back at their years in school as a time when lasting friendships were established. Along with this is the network of friends and acquaintances they build who know and care for them. Being surrounded by people who encourage and support them is something that only a boarding environment facilitates. The bond established during this period transcends all other relationships.

Boarding Life: Statement of Boarding Principles & Practice Boarding

From the Principal's desk....

Change is the only Truth of life on Earth! The sooner we embrace that, the worthier it is. And change can only be embraced if we teach children to learn how to make Choices, have a Voice and take Ownership of their learning!! Raise your children to be strong through their emotions.

Nurture them with your love. Receive them through your connection, the Soul-to-Soul connection, the Divine connection between you. Welcome intimacy, emotional bonding and physical bonding. Listen to their feelings and receive them with an open heart and an open mind. Surrender to their true feelings. Create space for them to express their anger, fears, doubts without feeling judged and controlled. Respect and honor where they are, while picking them up with love and appreciation. Guide them with love while creating space for them to live their Divine Journey. Make only promises you can fulfill. When your children feel safe in your environment to live in love, they will be adults, who will feel safe to live through love in all aspects of their lives. Let us prepare them with awareness and love for their milestones.

Our curriculum and practices are consistently reviewed to ensure that we are following the most updated best practices, meeting all regulations, and addressing the future needs of our students. Our staff consistently follows current trends and after brainstorming over the best plan of action to incorporate those trends, we zero in on the ones that are most appropriate to our classrooms. The system of education has become so dynamic that it is no longer enough to connect the dots, we need to think out of the box and think beyond a pattern.

You don't only raise your children; you raise the foundation of the coming generations.

Dr. Sowmya Raghubir
Principal

Illumine the lamp of my heart.
Make me a shining lamp and brilliant star,
Thou art the mighty and the powerful.

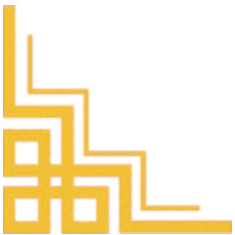

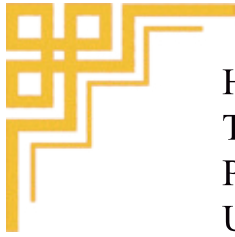

‘Do Not Ask Your Children to Strive ‘

*Do not ask your children
to strive for extraordinary lives
Such striving may seem admirable,
but it is the way of foolishness.
Help them instead to find the wonder
and the marvel of an ordinary life.
Show them the joy of tasting
tomatoes, apples and pears.
Show them how to cry
when pets and people die.
Show them the infinite pleasure
in the touch of a hand.
And make the ordinary come alive for them.
The extraordinary will take care of itself.*

William Martin

Roots

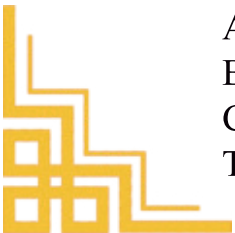

Here and there, yet somewhere
Traipsing around every few years
Pulling out young roots
Un-rooted before uprooted
Hoping they will thrive
Shifted sceneries
The mind wants to wander

Roots grow stronger
Thousands of miles traversed
Sometimes we move
Sometimes everything around moves
Change is a constant
Chains though bind us
The mind wants to wander

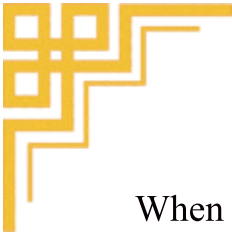

Do we now complete the circle?
Or start anew?
Addicted to change, the need grows
Changing outside is easier
Than an inner transformation
The mind wants to wander

Peripatetic in nature
A new place makes a new person surely?
Hoping that is enough
Can the roots grow strong and deep?
And find that inner locus
Before The Man with the Golden Axe
Chops us down
To make way for new growth

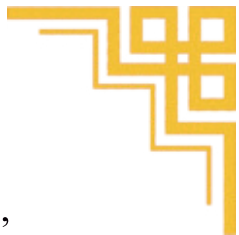

-Vara

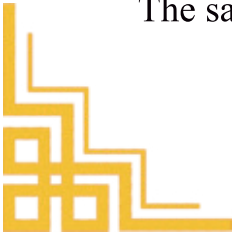

Don't Quit

When things go wrong as they sometimes will,
When the road you're trudging seems all up hill,
When the funds are low and the debts are high
And you want to smile, but you have to sigh,
When care is pressing you down a bit,
Rest if you must, but don't quit.

Life is strange with its twist and turns
As every one of us sometime learns
And many a failure comes about
When he might have won had he stuck it out;
Don't give up though the pace seems slow—
You may succeed with another blow.

Success is failure turned inside out—
The silver tint of the clouds of doubt,
And you never can tell just how close you are,
It may be near when it seems so far;
So stick to the fight when you're hardest hit—
It's when things seem worst that you must not quit.
For all the sad words of tongue or pen
The saddest are these; "It might have been."

John Greenleaf Whittier

'Learn something new every day.'

- Naman Choudhary, Class I

When times are hard

When times are hard, you might stop for a bit,
But it's not over until the moment you quit.
On a river's bridge, failures are the planks;
Take one step at a time until you reach its banks.

Don't give up on your dreams; chase them instead;
You will find, one morning, as you wake up from bed,
That you are the person about whom you dreamed,
And you can reach great heights, impossible though it seemed.

When things go wrong and your back is to the wall,
Try to stand up; no more can you fall.
Life is full of ups and downs; take them in your stride.
You will discover your little star hidden inside.

- M. Tarun Prasad

‘Hope’ is the thing with feathers

*‘Hope’ is the thing with feathers –
That perches in the soul –
And sings the tune without the words –
And never stops – at all –
And sweetest – in the Gale – is heard –
And sore must be the storm –
That could abash the little Bird
That kept so many warm –
I’ve heard it in the chilliest land –
And on the strangest Sea –
Yet – never – in Extremity,
It asked a crumb – of me.*
